Q10 Minnesota lawmakers have proposed a bill that would protect kids online by preventing social media companies like Instagram, Snapchat, and TikTok from using exploitative algorithms on minors, prohibiting addictive features like autoplay and infinite scroll, and limiting the amount of personal data Big Tech companies can collect and sell on kids. This bill requires tech companies to prioritize kids' safety and privacy online. Would you support or oppose Minnesota passing a law like this to protect kids online?

Q11 Big Tech companies such as Amazon have been found to use our personal sensitive data to charge people different prices for the same goods and services, in a practice known as "surveillance pricing." Lawmakers have proposed a bill that would make this practice by Big Tech companies illegal, and would require tech companies to notify customers when they use AI in pricing. Would you support or oppose Minnesota passing a law like this to ban surveillance pricing by tech companies?

Q12 Big Tech companies have constructed massive data centers in Minnesota to power their super-computers for artificial intelligence or AI. These data centers take up large amounts of land, consume large amounts of water, and typically produce significant amounts of noise and water pollution. They also result in increased energy rates for local customers without creating many local jobs. Would you support or oppose Minnesota lawmakers passing a law holding Big Tech companies accountable for their increased energy usage and environmental harm?
