Q10 Lawmakers in other states have passed laws to protect kids online by preventing social media companies like Instagram, Snapchat, and TikTok from using manipulative algorithms on minors, prohibiting addictive features like autoplay and infinite scroll, and limiting the amount of kids' personal data Big Tech companies can collect and sell to advertisers. These bills require tech companies to prioritize kids' safety and privacy online. Would you support or oppose Pennsylvania passing a law like this to protect kids online?

Support 89%
Oppose 3%
Not sure 8%

Q11 Big Tech companies have constructed massive data centers in Pennsylvania to power their super-computers for artificial intelligence or AI. These data centers take up large amounts of land, consume large amounts of water, and typically produce significant amounts of noise and water pollution. They also result in increased energy rates for local customers without creating many local jobs. Would you support or oppose Pennsylvania lawmakers passing a law holding Big Tech companies accountable for their increased energy usage and environmental harm?
